Then, with all other participants, you will share a 10-day bus tour to discover famous old cities, and world renowned tourist sites, (approach Europe's highest summit, in Chamonix!) and also participate in Community service projects, staying with french families at night, sharing all this with the other foreign participants, (french speaking, of course ?) !. To finish, you'll stay a few days in Annecy, to prepare Camp closing celebrations.

Activities during the Camp

Swimming, walking, hiking, shopping, participating in workshops, cooking and discovering french gastronomy, visiting cultural, historical, industrial and natural sites (fabulous Annecy Lake, Aiguille du Midi, Evian water bottling factory for example), and finally the preparation of culinary dishes and the closing show.... simply enjoying France!

Are you ready for a challenge? Are you ready to push your limits?

Are you fond of nature? Can you manage without internet at times?

Then this is the camp for you.

Lions Norway will unite youths and nature on beautiful Hardangervidda, a treasured national park that offers a close encounter with nature and weather in a scenic, but fragile environment.

Our goal is that participants will experience the joy of the outdoors while building respect for the nature that our survival depends upon.

Participants must be fit to live in the mountains without technological aids, to hike with a backpack, sleeping in tents, and cooperating on practical tasks in English.

(Host Family Activities) To experience living with a Norwegian family

(Camp Activities) Welcome to our international youth camp in the south-eastern part of Norway, "Camp Imagine Peace". The theme is "Peace, culture and environment".

Camp Imagine Peace started in 2011 after the terror attack at Utøya. This is one of the interesting sites we will visit during the camp. The students at the ongoing camp in Norway at that point really wanted to help. They showed compassion, care and love for all of these people, these strangers from another country, and most importantly, they showed us that we are all equal humans no matter where we originate from.

The purpose of our camp is to make friends across the borders, across religions, political views and different upbringings. It's to help the youth - the future – to understand that we cannot all be branded as a person by the things we might identify ourselves with, but by the heart and soul inside, as an individual.

We visit sightings in Norway/Østfold/Akershus that have helped our country to where we are today, parts of Norway's everyday life and culture. This means there will be both outdoor activities and guided tours at historic sights.

At the end of the camp the students will perform in "The Final Show" for the host families in which the students are free to show something from their own country, or another talent they have. We encourage student to bring an instrument or check if their instrument might be available at the camp.
